**Innovative-e, Inc. Has Been Invited to Present at the  
SharePoint Summit 2009**

*Innovative-e managing partner, Dux Raymond Sy, has been chosen as a featured presenter for the SharePoint Summit 2009.*

**ATLANTA** – Innovative-e, Inc. managing partner, Dux Raymond Sy, has been invited to speak at the third annual SharePoint Summit 2009, held April 6-8 in Montreal, Canada at the Centre Mont-Royal. Innovative-e is a U.S.-based business technology consulting and services company that helps clients gain competitive advantage through high-performance strategies.

This year's summit is divided into four tracks that will cover business applications for SharePoint, real world case studies, information architecture strategies and business information models, and best practices for customization, development and deployment.

Dux Raymond Sy's first session, "Leveraging SharePoint for Project Management," is designed for project managers, projects teams or individuals whose organizations have adopted SharePoint and who wish to learn to adapt it for project management applications. This session will address strategies for using SharePoint to reduce inefficient communication among stakeholders, improve document management practices and define project collaboration standards to ensure project success.

In addition, Sy will also present, "How to Build A Change Control System in a SharePoint PMIS." Attendees will learn how to address a changing project scope, leverage the benefits of a change control system, automate change requests and approvals utilizing SharePoint Workflows and create a basic change control system using out-of-the-box SharePoint software.

With nearly 20 years of experience in the IT industry, Sy is a leading expert on project management and SharePoint solutions. He is a certified project management professional, as well as the author of *SharePoint for Project Management: How to Create a Project Management Information System (PMIS) with SharePoint*. Sy is also an instructor and course author for

Learning Tree where he provides in-depth IT training for professionals at leading companies around the world.
