**Innovative-e, Inc. Announces Participation in  
SharePoint Technology Conference 2009**

Innovative-e, Inc. managing partner, Dux Raymond Sy, helps companies maximize SharePoint to boost productivity and increase efficiency.

**ATLANTA** – Innovative-e, Inc. will participate in the SharePoint Technology Conference Jan. 27-29, 2009, at the Hyatt Regency San Francisco Airport in Burlingame, Calif. Workshops and classes will cover a variety of topics concerning the application of SharePoint and how it helps organizations increase worker productivity, reduce information redundancies and streamline document management practices.

Attendees of the SharePoint Technology Conference will include IT professionals, project managers, business analysts, business managers, systems administrators, developers and other individuals from across the country who are currently utilizing SharePoint or who are considering doing so in the near future. The conference is designed to provide attendees with practical techniques for improving efficiencies and productivity while providing an open forum to exchange ideas with industry leaders and other professionals.

Dux Raymond Sy, managing partner for Innovative-e, Inc. and renowned IT industry expert, will host a half-day workshop titled "Leveraging SharePoint for Project Managers" to demonstrate how organizations can employ SharePoint to build a standardized PMIS and enhance project success.

In addition, Sy will also present a session on "How to Build a Change Control System in a SharePoint PMIS." Attendees will learn how to leverage the benefits of a change control system, automate change requests and approvals utilizing SharePoint Workflows and create a basic change control system without customizing the software.

With nearly 20 years of experience in the IT industry, Sy is a leading expert on project management and SharePoint solutions. He is a certified project management professional, as well as the author of *SharePoint for Project Managers: How to Create a Project Management Information System (PMIS)*

*with SharePoint*. Sy is also an instructor and course author for Learning Tree International where he provides in-depth IT training for professionals at leading companies around the world.
